PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE, OLD PUBLIC OFFICES, BANGALORE.

Press Note.

The first meeting of the Inter-Departmental Committee on Planning for Mysore State was held in the chambers of the Honourable the Chief Minister this morning. The Honourable Sri K. C. Reddy, Chairman, presided. All the Honourable Ministers were present.

The Honourable the Chief Minister opened the proceedings with a few observations relating to the constitution of the Planning Commission at the Centre and the circumstances leading to the setting up of the Inter-Departmental Committee for Mysore State. He further stated that the Government of Mysore had been extending its fullest Co-operation to the Planning Commission by furnishing available notes and memoranda on various important subjects relating to the economic development of the country. He also referred to the question of the reorganisation of the Economic Conference which was separately under the consideration of Government and suggested the need for taking an immediate decision having regard to the changing needs of planning and development, as envisaged by the Central Planning Commission. Then the subjects on the agenda were taken up for discussion.

The Commissioner of Economic Development and Planning presented a review of the work done ever since the Planning Commission was set up at the Centre and the part played by Mysore in assisting the Planning Commission to carry out the duties assigned to it. The important subjects discussed related to the consideration of the immediate programme drawn up by the Planning Sub-Committee of the All-India Congress, which was later considered at the meeting of the Chief Ministers in Delhi in May 1950. Another important subject was the manner in which public co-operation was to be enlisted on nation-wide scale in the work of planning and development. In this connection, a Note prepared by Sri Gulzari Lal Nanda, Deputy Chairman of the Commission, was considered and it was decided generally that the scheme may be given effect to after examining all its aspects. Another subject discussed was the review of the development schemes of the State which had been furnished to the Planning Commission and on which financial assistance in the shape of grants and loans had been asked for. The committee went into a detailed examination of these proposals and it was resolved that the matter be pursued vigorously at various levels with a view to our securing maximum support from the Centre.

CLANDESTINE MANUFACTURE OF FIREWORKS.

Instances have come to the notice of the Department of Mines and Explosives in Mysore, where licensees manufacturing explosives, instead of doing so in the places indicated on their licenses, clandestinely manufacture them in their own dwelling houses or sale premises within closed doors during night time. As such places are generally situated on public roads in congested localities and since such a practice is liable to endanger public safety, persons in the know are requested to guard themselves against eventualities by promptly reporting the names of such licensees to the Local Police Authorities. The object of bringing this to the notice of the general public is in view of the approaching Deepavali Festival when the licensees are likely to transgress the conditions of their licenses owing to the demand for firework articles during the season.

Many accidents, caused during the illicit manufacture and handling of a variety of fireworks commonly known as "Patas" or "Bellulli Patas" throwdowns or small bombs —consisting of a mixture of potassium chlorate and arsenic or antimony sulphide or sulphur—have come to notice. These accidents have resulted in serious, and sometimes fatal injuries to the persons manufacturing or handling the mixture, besides doing damage to property. The mixture constitutes a highly dangerous explosive to friction, force (blows) and even liable to ignite spontaneously. As this firework composition is mostly used during Deepavali and Shaban Festivals, the Department has also issued timely warnings by a notification in the Official Gazette, to all persons concerned not to manufacture, possess or sell this dangerous explosive.

Any persons manufacturing, possessing or importing such a mixture will be rendering themselves liable for punishment under the Law.

Press Note.

There was complaint that deteriorated broken-rice was being sold in certain shops. Enquiries were caused to be made and it was ascertained that no sale of such broken-rice was ever made in Government Depots or Licensed Ration Shops for human consumption. The facts are that broken-rice bought in auction was sold in Tharagupet, Bangalore City, for poultry feed.

Press Note.

HEALTH OF LIVE-STOCK DURING AUGUST 1950.

In their order of severity, outbreaks of Rinderpest, Black-quarter, Anthrax, Hæmorrhagic-septicæmia, Foot and Mouth, Contagious-goat-pleuro-pneumonia, Rabies, Ranikhet and Sheep-pox were encountered in the State during August 1950. Altogether 258 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 335 villages during the previous month. The number of outbreaks was highest in Bangalore, Kolar and Mysore Districts, while Chickmagalur, Hassan and Shimoga were least affected. These diseases accounted for 838 attacks, of which 6[illegible] succumbed, as against 1,103 attacks and 887 deaths during the previous month. The departmental staff conducted 70,481 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

As many as three outbreaks of Rinderpest, of which two were among sheep, were registered in Honnali, Sagar and Shimoga Taluks accounting for 64 attacks and 58 deaths. Prompt measures of control were undertaken by the Department to check its spread and 43,432 cattle and 169 sheep and goats were protected against the disease, both in the infected villages and in their immediate neighbourhood extending over a radius of 3 miles. The disease appeared to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 119 villages resulting in 39 deaths, as against 100 villages accounting for 22 deaths during the previous month. The special staff attached to the Parasitic Disease control units of the Department dosed 6,429 animals as against 7,334 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

The contractor shall quote for each individual item of work in the estimates and the rates as quoted shall hold good if the tender is accepted within six months from the date of tender.

2 Plans, estimates and other particulars regarding rules, etc., can be had for inspection in the Office of the Executive Engineer, Bangalore Division, Bangalore, on all working days between 2 P.M. and 4 P.M.

3 The successful contractor shall bind himself to abide by the departmental rules in force and shall execute the necessary *mutchalika* within seven days of receipt of intimation regarding acceptance of his tender, failing which his earnest money will be forfeited.

4 Tenders will not be considered unless they are in the form which will be supplied on payment of Re. 0-4-0 at the Office of the Executive Engineer.

5 Each tender shall be accompanied by a chellan for Rs. 300 as earnest money paid at a Government Treasury under "40 (i) Remittances—Payments into Treasuries by P. W. D. Offices."

6 The final acceptance of the tender will rest with the Executive Engineer. For non-tendered items of work, the minimum schedule of rates will be given if the items should be scheduled items; otherwise rates arrived at from data sheets as per actuals with ten per cent contractor's profit will be given.

7 The current rate of cement and steel is Rs. 95 per ton and Rs. 22 per cwt., respectively. These will be supplied by the department either from the Division or Sub-Division Stores, whichever is nearer to the workspot. The transportation charges have to be met from the tendered contractor. An addition of 10 per cent on the cost of the materials will be charged on centage.
